6th April 2018

Dear Resident

Reminder - Abnormal Load Deliveries to Coupar Angus Substation

I am contacting you to advise that we will be undertaking operations to ensure the safe delivery of the second transformer unit to Coupar Angus Substation on **Monday, 9th April**.

To ensure the delivery proceeds with the minimum of disruption, we kindly request that all vehicles are again removed from Precinct Street and Pleasance Road on Monday 9th April.

The parking restrictions noted above are essential and will allow the deliveries to proceed quickly with the least disruption to residents and road users.

Enverdale Fitness on Pleasance Road have generously offered their parking facilities to affected residents. Please feel free to park your vehicle in the Gym carpark from the evening of Sunday 8th April through to the afternoon of Monday 9th April if required.

We appreciate that there may be elements of disruption to residents and road users during the delivery time; Myself, and the Project Team would like to take this opportunity to sincerely thank you for your patience and co-operation during the operations.

If you have any questions regarding the deliveries or the parking restrictions, please contact me on the below details.

Yours faithfully,

Lesley Dow
