2	Susan evans	Kirriemuir	I use this road regularly and constantly get cars, lorries etc overtaking me! Everyone seems to think 30 means 40+!
3	Daina Devine	Coupar Angus	People speed past the play park not caring that there's kids family's and people living around there something needs to be done
4	Michelle Heron	Coupar Angus	I feel it's a very dangerous road!! And wot happened to that poor little girl is heart breaking and should never of happened !
5	Karen Kerr	Coupar Angus	we need to keep our kids safe, motorists speed too much round there. My thoughts are with the Edwards family xx
6	Sarah Gowans	Coupar Angus	What happened to that poor family is awful and could off been prevented it's heartbreaking.
7	Kerry-Ann Dunn	Blairgowrie and Rattray	Traffic drive too fast in a residential area especially near the park
8	Pamela Bruce	Burrelton	Improve safety in area
9	Claire Middleton	Blairgowrie and Rattray	I lived in Coupar Angus most of my life and that stretch of road is very dangerous and has been for a very long time. I have seen a lot of drivers speeding up and down that road thinking it is ok to speed when it is not. Something needs to be done to not let this happen again. There is a very big and very popular playpark that holds a lot of sport events and a football park about 100 yards along from there that runs along the side of that road and a primary school not that far away from there too, not only that it is along aside of a built up area filled with family's. Drivers have no respect of the speed limit there and actions must be taken to stop drivers speeding up and down that road. not only that the speed limit should be reduced and moved down passed the woodland area of the park to make it a safe place to be able to take your kids to play, there should also be road bumps put in place to help reduce all drivers speed as the enter or exit the town. It is absolutely devastating on what has happened to this family and actions need to be taken to NEVER let this happen again.
10	Nicola Neild	Plockton	Deaths of any age are hard, but for life's of children so young this is unacceptable. Simply safety measures should be in place, please help prevent the further lose of innocents.. Thoughts are with all affected by this tragedy
11	amanda downie	blairgowrie	The horrific crash that killed an innocent child
12	Carol McLaren	Coupar angus	Some motorists just speed along that road we need to make it safer
13	Doreen Constable	Blairgowrie	Because it needs to be sorted

14	Marion Mcdonald	Blairgowrie and Rattray	Ive seen a lot of people driving up hatton rd doing over speed limit theres people on foot paths going to shop or kids going to school find it alarming .
15	Kari Johnston	New Alyth	Absolutely heartbreaking what has happened to this poor family.Something needs to be done to make this road safer☹
16	Doreen Johnston	Blairgowrie	Drivers will not slow down unless this is done
17	Iana crossan	Perth	Totally agree, I'm not from Coupar Angus, but it's obvious something needs done to stop a horrible tragedy like this happening again.
18	Clarice Davies	Coupar Angus	Such a dangerous road. I've almost been in accidents on that road and I used to walk up and down there with my sister all the time when I was young. Absolutely devastated and heartbroken for that family and our little town. ☹
19	Kerry Rocha	Blairgowrie	Anything to help stop something this heartbreaking happening again. ☹☹☹☹
20	Helen Naysmith	Inchture	Drivers in general need to slow down on built up areas. I have a 3 yr old and even the speed that people drive around our area is bad. I can't imagine what the parents are going through. Let's make the streets a safer place!
21	greig campbell	rattray	I'm signing this as this tragedy must not be repeated something needs to be done to make this road safer
22	Kylie Stewart	Coupar Angus	Unfortunalty there will always be idiot drivers on the road with lucky bag licenses ☹ but its not just this road in coupar angus, the dundee road which kids use all the time is ridiculous with larger motors having to mount the kerb to turn the corner. The stretch at larchan would be fine if idiots stuck to the speed limits and took into consideration theres a park and school there its comon sense! So to me its the drivers fault not the road!!
23	Lee-Jane McCue	Coupar Angus	I want to be able to take my children to and from the park safely. The death of little Harlow should say enough!!
24	Stacey Brierley	Blairgowrie and Rattray	I have a child same age as one who died and every child should be kept safe
25	Mary Simpson	Blairgowrie	This awful tragedy can't be allowed to happen again. I have witnessed people driving far to fast on that stretch of road. Please please do something!!
26	Leah Breen	Blairgowrie and Rattray	Should of been a speed limit here years ago and this may of been prevented

27	Lorna Fleming	Coupar Angus	There needs to be traffic calming measures put into place to prevent any further tragedies. Why there isn't already is beyond me as it is a busy park. There is also a common and a school close by. I live beside another park in the town and children coming from school often use a close near by but motorists still speed along this stretch of road. My partner asked the council to look into this before but they didn't feel the need to put measures in place.
28	Jennifer Jackman	Alyth	No one should ever have to experience the loss that has happened here. Xxxxx
29	karen still	perth	There are too many places along that road that children frequent. Traffic calming measures and a speed limit of 20mph need to be in place to force vehicles to slow down
30	Craig Beveridge	Friockheim	People need to realise that the speed limit is there for a reason, and applies to EVERYONE. Such sad news.
31	andrea McCulloch	Perthshire	It is necessary for kids safety
32	Amy Campbell	Coupar Angus	Devastating loss for a local family, surely that is enough to ensure further traffic precautions.
33	Jane Murray	Saint Madoes	Traffic needs to be slowed down near children's play areas
34	Phyllis Guild	Blairgowrie and Rattray	Please do something before tragedy happens again
35	Phyllis Guild	Blairgowrie and Rattray	Please do something before tragedy happens again
36	Phyllis Guild	Blairgowrie and Rattray	Please do something before tragedy happens again
37	Darlene Phillips	Blairgowrie and Rattray	It's in people's safety that another tradegy doesn't happen again!! Built up area with parks, school etc and also alot of dog walkers....
38	Susan Baldwin	Alyth	After the terrible death of a toddler and injuries to her relatives from a speeding driver.
39	Michael Gallagher	Coupar Angus	People drive far too fast at this section of the road. Eight years ago Perth and Kinross Council said they'd make all towns 20mph, but never got around to it. Two years ago they said they'd make Coupar Angus all 20mph, but a month ago they changed their minds and said they would only reduce the speed limit on a section of Forfar Road. I understand that this is to be done soon. However we need more than just a reduction in the speed limit. We need speed bumps to force drivers to slow down.
40	angela stewart	perth	No one wants anyone else killed especially small children

41	Gerry Swan	Perth	The recent fatality just highlights that all built up areas near schools in villages play parks now need to be 20 mph limits a sign change or speed ramp is not a cost for better safety measures
42	robert curran	blairgowrie	It was only a matter of time, till a tragedy occurred. It should NEVER have happened.
43	Eric Mollison	Alyth	I want all children to be able to walk on pavements safe from accidents I have 5 grandchildren and can't imagine how the families are at this sad time
44	Lynn Symon	Coupar Angus	Having only just moved to coupar angus it was a shock that this tragedy has happened, we have 2 young children and want to know that they are safer.
45	Emma Brown	Dundee	One tragedy is one too many. Let's not allow another one to happen.
46	Sylvia Grant	Perth	no more children should die because of speeding drivers
47	Allahna Lawson	Dundee	This is too close to home and it shouldn't have the chance to happen again
48	Carol Connan	Coupar Angus	The speeding on the Forfar road is far too dangerous, it is a residential area with housing, a school and a park located along the road where the speeding occurs with the majority of the vehicles speeding and with it being a main route north that includes a lot of heavy goods vehicles
49	Dave Lundy	Blairgowrie	Nobody should have to risk their lives or children's lives simply to play in a park
50	Colin Chessor	Coupar Angus	Children need protection when play parks are near by vicinity from traffic. Please get local council to do something now and do not sit on your hands so act now.
51	Christine Ewan	Elgin	Definitely need speed calming done as cars have been driving too fast along that stretch of rd
52	Derek peebles	Ratray	Traffic calming measures should have been put in place long ago it's like a bloody race track from the red house corner all the way up past the park the speed of some drivers up there is ridiculous

53	Cara Mcdonald	Blairgowrie	I sign because I don't want cars racing not knowing its a 30 zone next to a school and there breaking the law and like the other day a child dies because of some people don't no how to drive right
54	James Harris	Coupar Angus	Pkc have dragged there heals on this for to long and now they will find out what cut backs mean they are all talk and no action our lives have been turned upside down because of the greed and priorities of pkc now they better listen
55	connie gibson	Coupar Angus	I'm signing this as this road has always been a nightmare for speeding cars....next to a play park!!! Just layed flowers at the place where the little girl lost her life due to speeding cars and a car still went flying past me at well over 50mph!!! Something needs to be done.
56	Susan Jones	Balbeggie	People are driving far too fast where children are playing
57	Maureen Driscoll	Blairgowrie	Lives matter ... it's that simple ...
58	Marjory King	Coupar Angus	Soeed Kills!!!!
59	Jacqueline Kennedy	Dundee	To save lives
60	mandy grant	Blairgowrie and Rattray	I'm signing because no family should be going through what the Edwards family are going through. Love and prayers are with them.
61	Lesa Gillies	Dunfermline	I too have witnessed cars traveling way to fast and over taking.
62	George Dodds	Rattray	Me and my family use this park regularly and I firmly beleive traffic calming measures are needed. Very disappointed the council have failed to do so in the past. I hope the people who made the decision in the past not to do so are sleeping well at night. Shame on the council.
63	David Jones	Kettins	It is time that local speeding is taken seriously. This is a good measure to try and ensure that this type of tragedy never happens again.
64	Greg Morgan	Blairgowrie	I fully support this petition. That stretch of road has required additional traffic calming measures for a number of years now. I think its way to late and at a very sad and heavy price. Pkc need to start listening to the community and take action. Concerns have been raised numerous times and fall on deaf ears. What does it take for the council to listen to the public. I sign this petition in support for the Edwards family as it is all I can do. Please I encourage you all to voice your concern sign and support. My thoughts are with Harlows Family. 🙏

65	Irene Johnston	Bridge of Earn	I grew up in Coupar Angus and Larchan Park holds very fond memories. Horrified at what happened to this little girl and her family.
66	Mary Jones	Kettins	To avoid other tragedy. Roads near kids parks should be as safe as possible.
67	Shonaidh Beattie	Perth	There is a need for this in many Perthshire roads for the safety of our residents
68	Shona Turnbull	Coupar Angus	Campaigning has gone on for 10 years, asking for calming measures on this road, with further campaigning for 20 years to deal with issues caused by the by pass at Queen Street. The devastating events this week mean whatever happens its all too late for the Edwards family. Tragic!!!
69	Aiddon Mclean	Forfar	There are loads and loads of people speed up and down the forfar road there should be a speed limit of 15-20mph there are parks and schools near by 30mph is too fas for that road
70	Ann Mason	Coupar Angus	Car continually speeding past park

79	Iris Oliver	Motherwell	Because of that horrible accident when that we lass was killed
80	Althea Joseph	Edinburgh	People, especially children need to be safe. The voice of the community has been ignored for a decade and the result is the death of a toddler. Enough is enough, this needs to be addressed now, no more dally in.
81	Leigh Thow	Blairgowrie	Truly saddened by such a terrible tragedy and my heart goes out to the Harlow family who must be devastated. Sadly we are blighted by a minority who choose their own needs over the safety of others. I would like to see priority lanes or other traffic calming measures. Speed bumps are not the answer though most still go flying over.
82	kenny smith	Alyth	Sad times! :(
83	Carol ANNAND	Blairgowrie	No more lives should be at risk
84	nicola macdonald	coupar angus	Such a sad day for all concerned.

86	Daina Devine	Coupar Angus	We need to make this little quite town safer for everybody I fully support this petition silly drivers speed up and down that straight road overtaking multiple cars on a 30mph road and near houses and a kids play park i signed this petition to support the Edwards family so nothing like this tragic happens again. This should of been taken in long before now but sadly a 2 yr old has lost a life and her family have lost her! My thoughts are with Harlows family and wishing the other 2 a speedy recovery
87	Louise Wightman	Blairgowrie and Rattray	It's always been a dangerous road thundering trucks and cars speeding up with vulnerable children in danger

90	Craig Philip	Blairgowrie and Rattray	The park is a big attraction and kids of all ages walk from the town to use the park . Safety needs to be priority more so after what has just sadly happened. We don't need lengthy council meetings to see what is needed . Safety fence all the way into town on the pavement & traffic lights at the junction. Get it done.
91	Judi Brannigan	Perth	Tragedies can be avoided by taking better measures. Get on it Council!
92	Gillian Rolfe	Coupar Angus	I'm signing this because for too long PKC have given excuses for not doing anything on this stretch of road, budget means nothing when lives are at risk! No family should have to go through this. Thoughts go to the Edwards family at this tragic time

94	Hannah Smith	Blairgowrie and Rattray	I hope that the council listen this time around so that other children/pedestrians can be safer walking along that stretch of road. My thoughts are with the Edwards family at this devastating time.

119	RUSSELL TODD	Kirriemuir	Whilst I live outside Coupar I am heavily involved with local football both at Foxhall Park and Larchan Park and have witnessed excessive speed by vehicles outside both and well in excess of speed limit. Many children go to school and live in the immediate area. A danger to all.
120	Shaun Harbour	Burrelton	If drivers cannot keep their own speed in check, then measures must be taken to force them to consider their speed. Such tragedies should not be repeated or forgotten.
121	pauine jones	Dundee	The whole of rays ode and Scotland are devastated at this devastating tragic loss to a little girls life which could have been avoided EASILY! 157	gillian ferraccioli	Coupar angus	A childrens play park on one side of the road, a family estate full of families with young children on the other, the council should have demanded trafic slowing measures at the time of the construction of the Largan view housing estate. The council has a duty of care and has failed on this.

167	Jennifer Petrie	Burrelton	Tragedies like the one last week must be prevented from happening again. The police cannot be everywhere at once. We need permanent traffic calming measures in the town, especially at Larchan Park.
168	Kenneth Gillen	Glasgow	We should also somehow address the culture of needless overtaking all along the A94. Cars constantly tailgate when you're driving at the speed limit then dangerously overtake.
169	helen hemphill	Glasgow	We dont want any more unnecessary deaths and injuries inflicted on innocent pedestrians.
170	anna Patterson	coupar angus	<p>We live at Larchan View with our 3 young children. Sara and Steve are our neighbours, our kids are friends. I witnessed the devastation caused by Thursday's accident, as did my 5 year old daughter. Little Harlow's tragic death may have been prevented if the Council had listened to residents' pleas and concerns over the last 10 years, by putting in place the traffic calming measures that are so desperately needed.</p> <p>I read a Council minute dated 4 June 2014, approving the temporary 20mph speed limit on Forfar Road, all budgeted for, and it still isn't in place, nearly 2.5 years later. Even if it had been, the reduced speed limit alone wouldn't have prevented Thursday's tragic accident. There must be physical measures which mean drivers have no option but to slow down. More needs to be done and urgently, to prevent anything like this from ever happening again.</p>
171	Kevin Robertson	Coupar Angus	I only moved to Larchan Park a few months ago but could clearly see the dangers of the road around the park area. I only hope something is done before this tragety repeats itself. My heart goes to the family in this most difficult of times.
172	Katrina Macfarlane	Alyth	The traffic goes too fast next to the park also a fence along that side of that side of Rd beside park would be good too

173	Hilary Provan	Coupar Angus	<p>I hope that signing this petition that there will be a collective voice from the local community to ensure significant change occurs to improve safety for everyone in our town.</p> <p>Upsetting to read comments that are directly evidencing that safety issues have been raised, considered and no action taken thus far. Considering the tragic events that have happened and the truly devastating impact on the Edwards family - change needs to happen to manage traffic and slow it down.</p> <p>Our thoughts are truly with the Edwards at this difficult and unimaginably sad time.</p>
174	Kyle Blyth	Coupar Angus	Council need to start thinking of the people not themselves.
175	Kathleen Milne	Alyth	I fully support this petition,sadly too late to stop the tragedy that happened last week,thoughts are with the family.
176	Grant Murdoch	Coupar Angus	I often take groups of school kids and beginners on bikes to Larchan Park as the park is a great safe place to cycle and learn to cycle. Getting there though is not so safe! Drivers often drive past the entrance to the park too quickly. Especially if you have a large group of inexperienced cyclists.
177	Kerri Lynn	Port Glasgow	A young baby died because a arse hole of a driver by getting there traffic calming would decrease the amount of arse hole drivers
178	heather millar	Stonehaven	I saw this tragedy happen and would never want anyone to endure the agony that the family must endure. Although I am not local last Thursday will haunt me forever :(

183	anji Robertson	Perth	Tragic and should never happen again.
184	Leanne Neave	Coupar Angus	Cars need to keep speed down as children and adults are always walking along pavements to go to park,school or nursery
185	Charon Stewart	Blairgowrie	I'm a mum who cares.
186	Erica Duncan	Kirriemuir	I use the park with my children.
187	Scott Duncan	Dundee	More needs to be done to make thus area safer
188	Paul Dow	Coupar Angus	I have a young kid and wouldn't like to see another accident happen.
189	kevin baxter	Coupar Angus	It's a public park with loads going on the limit should be reduced to keep everyone save
190	wilma sievwright	blairgowrie	Too many people speed on this road!
191	Eleanor Vanko	Northmuir	I have seen people driving too fast
192	Jack McCullie	Scone	Time Perth & Kinross Council removed their blinkers. Its not about cost its about the safety of the people and the children who they represent. They have a duty of care and this area needs to be sorted.
193	Elizabeth McCullie	Scone	P&KC the word "THICK" comes to mind. Love and best wishes to the family.
194	Christopher Lindley	Glamis	I agree with the petition. I commute through Coupar Angus every day. Cars heading east nearly all speed up after the junction to the park and the rest after the new housing development.
195	Donna Webster	Blairgowrie	I t is ridiculous the speed some drivers go along this stretch of road. However, it is just such a shame that it has taken last week's tragedy for the council to sit up and take notice
196	Georgina McLaren	Aberdeen	I am signing this due to the fact this road is a danger to the residents of Coupar Angus and the death of little Harlow has just proved what the residents have been saying for years it needs some kind of speed restrictions
197	Craig Tolmie	Dundee	I don't know the area but hundreds of locals can't be wrong. It's a shame that it takes a tradegy like that seen 2 weeks ago before anyone takes action. All too late for one family. Something MUST be done now to avoid a repeat of events that have devastatingly changed a family for life.
198	Julie Sheed	Coupar Angus	Speed bumps would be the safest option
199	Stuart Sutherland	Blairgowrie	I want slower traffic in the vicinity of the park and school.

200	Andrew Hay	Dundee	<p>I used to live in Coupar Angus and am horrified by the recent tragedy.</p> <p>Kids travel this road all the time and need the protection of speed bumps.</p> <p>There will always be morons who think they can break the speed limit in urban areas.</p>
201	Ray Low	Perth	Please make this road safer for all the families who use it for I
202	Ray Low	Perth	Please help to keep our families safe when the children want to use the parks in Coupar Angus! The problem needs to be addressed around all our local schools too, please don't let more children die because of speeding drivers,when speed bumps would alleviate the problem.
203	Susan Crawford	Perth	<p>I believe accidents like this should not happen in the first place. Big signs and paint on the roads and bollards in the road if needby , anything to get traffic to slow down in town and make it impossible to do dangerous overtakes or manoeuvres. Maybe take a leaf out of the traffic give way system in craigie in city centre Perth where there are shaped kerbs and traffic can only go through one at a time. The recent events are utterly tragic.</p>

331	Zoe Mcdonald	Dundee	<p>I fully support this petition. That stretch of road has required additional traffic calming measures for a number of years now. I think its way to late and at a very sad and heavy price. Pkc need to start listening to the community and take action. Concerns have been raised numerous times and fall on deaf ears. What does it take for the council to listen to the public. I sign this petition in support for the Edwards family as it is all I can do.
